

Let's talk about..

Creating meaningful Transition Reports on the MOSAIC Pedagogical System

It's that time of year again when Educators are thinking about Transition Reports. Not only are MOSAIC Transition Reports aligned to Mo Scéal, they are evidence based due to the integrated skills calculator on each child's MOSAIC Digital Storybook aligned to Aistear 2024.

There are a choice of 2 transition templates available as educator tools on MOSAIC - a pre-populated multiple choice template AND a narrative version both aligned to Aistear 2024 Guidance for Good Practice.

WHY DO EDUCATORS PREPARE A MOSAIC TRANSITION REPORT FOR ME BEFORE STARTING PRIMARY SCHOOL?

Supports my progression in learning by sharing an understanding of my strengths, interests and needs.

Enables a seamless continuation of my learning and development between settings.

Allows me to express my voice and thoughts about starting school.

Shows a respectful learning partnership between my current educators, family and new school putting 'ME' at the centre of meaningful information sharing.

THE MOSAIC TRANSITION REPORT COMMUNICATES-

01

Strengths, interests and achievements framed by Aistear goals and dispositions.

02

Challenges and areas for support.

03

Ideas for support and strategies that work well including preferred learning style.

04

Voice of the child and parent - thoughts and having a say.

You can send your draft transition reports to the primary school before children move off the MOSAIC system - just print from your Manager's Dashboard!

POINTERS FOR TRIBEMOSAIC

1. Choose either a multiple choice/narrative Transition Report Template
 2. Work on it as you get time, select 'Save for Later' to save drafts
 3. Use your Skills Calculator in the child's profile (learning achievements) as evidence to inform your report content.
 4. You can download/print the saved report from your Manager's Dashboard before the child finishes the term.
- DO NOT 'Submit' the report until you are moving the child to school (off the system).
5. More information in the 'Educators Handbook' and the guide 'Completing Transition Reports on MOSAIC' - both in your 'Practice Tools' folder.

'MOSAIC is more than an App- it's a Pedagogical Platform for Professional Educators'
