CHILD-LED DOCUMENTATION

'CONNECTING OBSERVATION, LEARNING STORIES
AND EMERGENT PLANNING'

A WHOLE SETTING APPROACH

Documenting Progression in Learning *Session 1*

This session will enable educators to **see the individual child** and understand how to tune-in to and **document progression in learning in line with Aistear 2024**. The **Learning Story** technique is demonstrated and samples are provided. Educators will learn different techniques and strategies to include child voice and participation in the assessment process and how to **connect this to emergent planning**. Using **Living Wall Documentation** as a child participation activity and a reflection tool is explored.

Key areas: Curriculum Statement, Learning Stories, Individuality, Progression, Voice, Living Wall Documentation

Planning in the Moment *Session 2*

Session 2 connects the learning from session 1 to expand into **emergent curriculum planning through continuous provision**. An **Emergent Planning Strategy** is explained and **planning tools are provided** for non-MOSAIC users. Educators will learn how to blend child interests with **one flexible emergent plan that suits all ages**. Ongoing **reflection and evaluation** is included.

Key areas: Emergent Planning, Continuous Provision, Child Interests, Reflection and Evaluation.
